- **Dataset title:** Vulnerability indicators values for agricultural systems at nation-state resolution
- **Dataset responsible party:**
Name: Michael Hagenlocher, Isabel Meza
Organization: UNU-EHS
Email: hagenlocher@ehs.unu.edu, meza@ehs.unu.edu
- **Abstract:** This database includes the indicators values that were used to perform the vulnerability for agricultural systems to drought, values per country. It includes the country code (WG_Country) and name (Name), the indicators code (see [supplementary material 2](#)) and the total vulnerability (Vulner_As) at country level.
